This file is my CV of failure, inspired by the **CV of failure from Prof.Huang Jia-Bin**. If you are experiencing a hard time, I want to encourage you that you can definitely get through it. More importantly, through this CV, **I want to comfort you that everyone will experience failures**. Those failure experiences are part of our wonderful life. **I don't have the qualifications to say some big words** because I am not a shining and outstanding researcher. However, **if it is possible, let's enjoy failures!** Do not be afraid of mocking and disdain. You are unbeatable in your world.
